AVAILABLE COURSES

STANDARD FIRST AID

APRIL 10TH & 11TH

8:30 - 5:00

Comprehensive two-day course offering first aid and cardiopulmonary resuscitation (CPR) skills for those who need training due to work requirements or who want more knowledge to respond to emergencies at home. Includes the latest first aid and CPR guidelines. Meets federal and a variety of provincial/ territorial regulations for Standard First Aid and CPR. Exceeds competitors' standards by including injury prevention content, CPR and Auto-mate External Defibrillator (AED).

FOOD SAFE LEVEL 1

APRIL 13TH

8:30 - 5:00

FOODSAFE Level 1 is a food handling, sanitation and work safety course designed for front line food service workers such as cooks, servers, bussers, dishwashers, and deli workers. The course covers important food safety and worker safety information including food-borne illness, receiving and storing food, preparing food, serving food, cleaning and sanitizing.

TRANSPORTATION OF DANGEROUS GOODS (TDG)

APRIL 18TH

8:30 - 1:00

Legislation requires all people involved with transporting dangerous goods to learn the skills and principles taught in this course. Protect yourself and the public by learning how to avoid dangerous accidents and understanding your responsibilities as a shipper/handler. Earn a TDG certificate (clear language edition) in the process.

H2S ALIVE

APRIL 19TH

8:30 - 4:30

This one-day program is intended for all workers who could be exposed to hydrogen sulphide (H₂S). The primary focus is to provide generic H₂S program content to help workers work safe-ly in and around H₂S environments. You will be expected to be able to perform rescue breathing and to operate a self-contained breathing device and detector tube device. Receive an industry-standard training certificate from Enform upon successful completion of your exam.

FALL PROTECTION

APRIL 25TH

8:30 - 4:30

This one day program has been developed in accordance with the requirements acceptable to CSA and Occupational Health and Safety. Participants will gain knowledge of the various options of Fall Protection Systems. This program provides participants with experience and understanding of the following:

- Equipment selection and use
- Equipment care and inspection
- Fall protection vs. fall arrest
- Rescue
- Anchor points
- Regulations and standards
- Hands on proper harness fit

WORKPLACE HAZARDOUS MATERIALS INFORMATION SYSTEMS (WHMIS)

APRIL 27TH

9:00 - NOON

Maintain current WHMIS training requirements and protect yourself against controlled products and hazardous materials at work. Ensure you know how to properly read and understand labels, identifiers, and material safety and data sheets as you explore the responsibilities of suppliers, importers, distributors, employees and employers. Successfully complete the course to receive a WHMIS certificate.

YUKON TRAFFIC CONTROL PERSON

MAY 2ND & 3RD

8:30 - 4:30

This two-day course provides participants with qualifications allowing them to become a Traffic Control Person (TCP) in the Yukon. This course will give participants a chance to practice basic traffic control skills and demonstrate competence in setting up, controlling and removing work zones.

Participants will be evaluated during the course through a written exam, and a practical skill evaluation exercises. Participants MUST receive 80% on the written exam to receive an industry-standard training certificate.

Participants are required to have a valid class 7 license (learners permit) in order to register.
