Dear Tenants and Occupants:

## Garbage Collection & Curbside Pickup

This notice is in response to the number of inquiries the department of Community Services receives as it relates to the household and curbside garbage collection in the McIntyre Subdivision and Crow/Swan Streets.

For the health and safety of our staff we ask the tenants to bag all their household garbage and place the properly sealed bag inside their curbside bins. The staff will not dispose of any household waste that is not properly bagged. It is the responsibility of the tenants to make certain their curbside bins do not contain loose garbage.

*The City of Whitehorse **Waste Management Bylaw**, which applies to residents, contains provisions to help protect wildlife:*

- *No person shall set out waste in any manner or condition that harbours or attracts wildlife;*
- *No person shall allow waste to spill over or accumulate on any street or adjoining public or private property and shall ensure, at all such times, that all waste is kept within the waste receptacle with the lid fully closed*

The tenant is responsible for the disposal of all freezer burnt meat or unusable meat, bones and/or animal skin at the City of Whitehorse landfill. We ask the tenants to please abide by these standards in order to reduce attracting wildlife into the community.

Large furniture, mattresses, appliances should be set on curb next to your garbage bin for disposal. For the health and safety of the staff Community Services does require that all mattresses to be wrapped and sealed in plastic. Community Services does provide disposable mattress covers at a cost to households for this purpose.

All request regarding large waste disposal bin, contact the Operations & Maintenance Manger ext. 407 or email [Shawn.Wood@kdfn.net](mailto:Shawn.Wood@kdfn.net)

Thank you for your cooperation in this matter and if you have any questions we can be contacted at 633-7833 or email [Community.Service@kdfn.net](mailto:Community.Service@kdfn.net)
